

DROXFORD PARISH PLAN LIVE ACTION GRID

December 2016 Edition

This grid records progress and intentions for actions accepted by Droxford Parish Council, based on recommendations from the Parish Plan, that are 'live'. Completed actions and those on which there is no intention to proceed further are captured in a separate grid that is also available on the website.

REF	PARISH PLAN RECOMMENDATION	ACTION	LEAD	TARGET DATE
12	Revisit the issues of parking in the village as part of a long-term strategy.	The Parish Plan clearly evidences the importance of car parking within the village. A village survey was conducted in October 2016 and results have yet to be analysed. A proposal to extend the Recreation Ground car park was opposed by parishioners and the Junior School. Possible alternatives are being sought, but would incur significant costs even if landowners' permission could be obtained.	DPC	31 May 2017
20b	Raise further funds to improve the play area at the recreation ground, and to examine how access and parking can be improved. Suggest improvements to the recreation ground.	Extensive consultation, beginning with outline ideas at the APM, has allowed the production of a draft plan that will be presented to DPC in early 2017. A group of volunteers has raised funds to add to grants from HCC and WCC. The next step will be to seek main funding.	DPC	31 October 2018
20c	Investigate additional funding to carry out a modernisation programme and potential widening of the use of the [cricket] sports pavilion.	A benefactor has funded repairs to flooring and the addition of ventilation together with a structural survey. This survey shows that relatively minor, self-help work can revitalise the building.	DPC	31 October 2017
24	Consult SDNP concerning the special qualities [of the parish].	Refer to CAAMP report when considering improvements to the village: Parish Green and car parking in The Square. Consult with SDNP and Conservation authority.	DPC	

This action plan will be reviewed in December 2017.
