New Benefice logo: designed by Michael Collins

The light blue text is representative of St Mary (the patron saint of the church) (St Andrew, Meonstoke has dark blue and St Peter and St Paul, Exton have red text for martyrs). All the Benefice's churches have distinct

arches, so the three arches, suggesting a bridge for the Meon Bridge Benefice, represent the three parishes. The four 'feet' symbolise the four historic buildings on which the benefice is built. The border surrounding the whole shows we are separate parishes joined into a single Benefice within the Diocese of Portsmouth.

There is a Canterbury Cross on each foot representing the fact that we are rooted in the Anglican tradition (Church of England, Province of Canterbury).

What we
don't
want ...

Are dogs fouling in the farmer's field next to the school. It's unlikely to be locals who don't clear up after their dogs or let them run through the crops, but it is a permissive path and the farmer could withdraw his permission if dogs aren't controlled around the field. Please keep an eye open.

Raise for the Rec

Congratulations to the Rec Working Group who put on a fun event: Meon Valley Mile, at very short notice on 9 July and raised around £400 towards new play equipment. They'll be having a facebook page of their own shortly where you can track and support their activities.

Macmillan cancer support

Sam Crutchfield will be attempting the London Triathlon on 6 August. If you would like to support him, click [here](#).

Church Restoration & Heritage
